PROGRAM STATEMENT

Program Goals - The goal of the Family Independence Program (FIP) is to help families achieve self-support and independence.

Program Description - FIP provides a monthly cash assistance grant for families (both one- and two-parent). This cash assistance is to cover the costs of personal needs (clothing, household items, *etc.*), housing heat, utilities and food (in conjunction with Food Assistance). FIP recipients are also eligible for Medicaid and a range of employment and family support services.

Population Description

- Average case size is just over 2.7 people: 1 adult and 2 children.
- 93% of the grantees are female.
- The average grantee age is 34 years.
- 35% of the grantees are White, 59% are Black, 6% are other (includes Hispanic, American Indian, *etc.*).
- In September 2004, 20% of FIP cases had earned income.

Eligibility Factors - FIP eligibility is based on financial and non-financial factors.

Financial Eligibility Factors - To be eligible for FIP, the family must meet income and asset requirements. The families' income (minus earned income disregards) plus certified child support income is deducted from the payment standard to determine whether or not the family is eligible to receive assistance. The asset limit is \$3,000. Countable assets include: cash, savings and checking accounts, investments, retirement plans and trusts.

Non-Financial Eligibility Factors - Major non-financial eligibility factors include children's age, cooperation with employment and training (including development of a Personal Responsibility Plan), and child support requirements. FIP recipients are required to participate up to 40 hours per week in employment and/or employment-related activities.

Minor Parents - Minor parents (under age 18) must live in an adult supervised living arrangement as a condition of eligibility. A minor parent who has not completed high school must also attend school full-time as a condition of eligibility. Teen parents (age 18 and 19) are required to develop a Personal Responsibility Plan that includes completing school, finding work and becoming self-sufficient.

Services Provided To FIP Recipients

Financial Assistance - Financial Assistance is the basic service provided to FIP clients. The amount of the FIP payment is based on the size, location and eligibility status of the group. The table below shows the monthly FIP grant for a family of 3 in Wayne County for each of four eligibility groups. The first group includes cases in which the adult member is expected to work. The second includes cases in which the adult in the home is deferred from work requirements. The third group includes cases in which the adult in the home is receiving SSI and is, thus, ineligible for FIP (though eligible for FA). The fourth payment group is made up of 'child only' cases in which the parent is not in the home. These children reside with self-supporting caretakers who are not included in the FIP grant.

FY 2005 GRANT AND FOOD ASSISTANCE LEVELS			
Eligible Adult and Two Children	Grant	Food Assistance	Grant + FA
Employable Adult – Expected to Work	\$459	\$393	\$852
Deferred	\$477	\$393	\$870
Ineligible Adult and Two Children	Grant	Food Assistance	Grant + FA + SSI
SSI Adult (SSI = \$593/month)	\$383	\$267	\$1,243
Child Only – Kinship Care	\$266	*	*

** While the income of an adult caretaker is not counted when determining the FIP benefit amount, it is counted when determining the Food Assistance amount. Thus, the Food Assistance benefit amount will depend on the family's total income.*

- The monthly grant amount for a family of three with an employable adult has been \$459 since August 1990.
- This contrasts with \$477 per month for a family of three with an adult who is deferred (not expected to work). FIP recipients in a deferred case receive \$6 more per person per month.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006
Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Public Assistance	Family Independence Program	Page 3 of 4

- FIP cases with a SSI adult (who does not receive FIP) receive \$383 per month for two children.
- Two children in a kinship care case (the caretaker relative does not receive assistance) receive \$266 per month.

Food Assistance Program – The FIP Program works in conjunction with the Food Assistance Program to raise the food purchasing power of FIP families. The amount of Food Assistance benefits received is based on the net income and the size of the family. A family of 3 receiving a \$459 per month FIP grant, and no other income, receives \$393 (FY 2005 level) in Food Assistance each month. Virtually all FIP recipients also receive Food Assistance.

Medical Assistance – Families who are eligible for FIP benefits are automatically eligible for Medicaid.

Employment Services – The FIP program provides a range of services designed to promote independence. These include the mandatory Work First program, supportive services to aid in seeking/retaining employment (*e.g.*, transportation, automobile repair, work clothes), child care services and social services, all designed to achieve self-sufficiency. The goal of Employment Services is to achieve 100% employment for all FIP clients who are required to work. Family Independence Agency staff work with the client to identify barriers to employment and to provide the necessary resources to eliminate those barriers.

Family Support Services – Families receiving FIP benefits may also receive additional services to assist them in preparing for independence. For example, a recipient's Personal Responsibility Plan may include budget counseling, parenting classes, support for children to participate in scouting, summer camp, or short term family counseling. The Family Independence Specialist helps identify resources needed by families and helps arrange for payment, if required.

Personal Responsibility Plan and Family Contract – The Personal Responsibility Plan and Family Contract (PRPFC), FIA-4783, is a two-part case management tool completed by the recipient and the Family Independence Specialist (FIS) to mutually arrive at a plan which helps the family reach their goals for self-sufficiency. The plan outlines the family's goals, strengths, needs, options, and steps to take to reach their goals. It also highlights agency actions to support the family's goals, such as contacting other agencies, making referrals, and advocating for the family.

PROGRAM EFFECTIVENESS

See attached charts on FIP cases with an employable adult. These charts show average monthly caseloads and FIP maximum payments as a percentage of the poverty level. The projected caseload in FY 2005 is 78,700 cases; down from over 177,000 in 1996, but higher than the FY 2004 average of 77,969. The maximum payment as a percent of the poverty level declined to about 36% in FY 2004. It's projected to further decline to 35% in FY 2005.

Earned Income Cases (September 2004)

- 32% of the FIP caseload was expected to work.
- 68% of the FIP caseload was not expected to work (deferred).
- Of those deferred, 58% are child only (ineligible grantee) cases that are not expected to work.
- 42% of those deferred are deferred for other reasons, predominantly disability.
- Of those expected to work, 34% had earned income.

FAMILY INDEPENDENCE AGENCY	Public Assistance	State Disability Assistance (SDA)	Page 1 of 2

PROGRAM STATEMENT

Program Goal - The State Disability Assistance program (SDA) provides financial assistance to Michigan's disabled poor adults to meet basic personal and shelter needs.

Program Description - State Disability Assistance (SDA) is a cash assistance program for disabled adults who are unable to work. SDA recipients have little or no money to buy food, clothing, shelter and personal items. The monthly cash assistance is intended to cover these basic needs. The FY 2005 cash assistance amount is \$264 per month (\$413 for a married couple). Recipients are also eligible for Food Assistance. An SDA recipient with no other income receives \$149 per month in Food Assistance in FY 2005.

Population Description - The average monthly caseload in FY 2004 was 9,997. The average monthly grant was \$244. Most SDA recipients are single adults between the ages of 18 and 65.

Eligibility Factors - SDA eligibility is based on financial and non-financial factors.

Financial Eligibility Factors - To be eligible for SDA, applicants must meet income and asset requirements. Most recipients have no earned income. A full-time minimum wage job would provide an income for one person that exceeds SDA standards. The asset limit for SDA is \$3,000.

Non-Financial Eligibility Factors - The major non-financial eligibility factors in the SDA program relate to disability and are listed below. Eligibility is based on meeting any one of these factors:

- Receiving SSI, Social Security benefits, or Medicaid due to a disability.
- Disabled per federal SSI standards other than substance abuse, with a minimum disability duration of 90 days instead of one year.
- Age 65 or older (since those age 65 or older meet the federal SSI standards, SDA recipients/applicants are referred to the Social Security Administration to apply for SSI).
- Receiving services from Michigan Rehabilitation Services.
- Receiving post-residential substance abuse services (SDA eligibility is for 30 days following discharge from a substance abuse treatment center).
- Receiving special education services through a local intermediate school district.

FAMILY INDEPENDENCE AGENCY	Public Assistance	Food Assistance Program	Page 1 of 2

PROGRAM STATEMENT

Program Goal

The goal of the Food Assistance Program (FAP) is to raise the food purchasing power of low-income persons. Limited food purchasing power contributes to hunger and malnutrition. The Food Assistance Program is one of the federal safety net programs. Benefits are 100% federally funded and administrative costs are shared equally between the state and the federal government.

Program Description/Eligibility Factors

Groups of people living in the same household are eligible for Food Assistance Program benefits based on net income and the size of the household. Food Assistance groups are categorically eligible if all group members are authorized to receive a TANF funded benefit and their gross income is less than 200% of the poverty level.

A group is not categorically eligible for FAP if any member of the group is disqualified for an intentional program violation (IPV); child support or employment and training non-cooperation; trafficking; parole and probation violation; or is a fugitive felon.

Food Assistance Program benefits are not considered income or assets for the Family Independence Program (FIP), Medicaid (MA), State Disability Assistance (SDA), or any other federal, state or local programs. Therefore, any other assistance for which a Food Assistance Program household qualifies is not reduced because of the household's receipt of Food Assistance Program benefits.

Food Assistance Program benefits can be used to buy eligible food at any Food and Nutrition Service authorized retail food store or approved meal provider. Eligible items include any food or beverage product intended for human consumption except alcoholic beverages, tobacco, and food prepared for immediate consumption.

There are two types of Food Assistance Program households:

- Public Assistance (PA): A PA Food Assistance Program household is one in which at least one of the members of the household also receives FIP and/or SDA.
- Non-Public Assistance (NPA): An NPA Food Assistance Program household has no member receiving FIP and/or SDA. As of July 2001, Michigan's Food Assistance and cash assistance benefits are provided through electronic benefits transfer (EBT). EBT for Food Assistance replaced paper coupons with a debit card.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006

SOURCES OF FINANCING

- 100% federal funding for Food Assistance benefits (through the Food and Nutrition Service [FNS], U.S. Department of Agriculture).
- 50% FNS funding for associated administrative costs less any FA administrative expense amount determined to have been included in the TANF Block Grant.

LEGAL BASE

Food Stamp Act of 1977, as amended
Code of Federal Regulations (CFR)
Michigan Compiled Laws (MCL)
Administrative Rules (MAC), and Federal Coupon Orders
Public Act 344 of 2004 (FY 2005 FIA Appropriations Act)

PROGRAM EFFECTIVENESS

The number of Food Assistance Program households has been increasing since FY 2001. The upward trends are the result of simultaneous increases in Michigan's cash assistance caseloads, continuing softness in Michigan's economy, and also due to a U.S. Food and Nutrition Service waiver allowing expanded eligibility to 12-months (over three years, for single, work ready adults without children). Previous eligibility for this group was limited to 3-months. The waiver, in effect since March 2004, is expected to result in 75,000 new recipients. In fact, since February 2004 the year-to-date (February 2004 – September 2004) increase of non-public assistance recipients is over 80,600 recipients, with an estimated half of those being attributed to the impacts of the FNS waiver. The attached chart shows Food Assistance Program trends from FY 1998 through FY 2006. Program trends through FY 2004 reflect actual totals. FY 2005 and FY 2006 totals are FIA projections.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006
Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Child Support Enforcement	Child Support	Page 1 of 2

PROGRAM STATEMENT

The Office of Child Support (OCS) is the state agency authorized to administer the federal Title IV-D child support program in Michigan. The OCS provides case initiation services to customers, operates the State Disbursement Unit, and provides some centralized enforcement services. The OCS also contracts with Friends of the Court and Prosecutors to provide Title IV-D child support services to county residents. Services include locating parents, establishing paternity, establishing and enforcing support orders. A case is automatically a IV-D case if the payee is receiving public assistance; however, anyone can request IV-D services. The vast majority of cases in Michigan are IV-D cases.

The goal of the Child Support program is to help Michigan's citizens obtain the child support to which they are entitled under federal and state law. This contributes to the agency mission of self-sufficiency, fosters responsible behavior towards children, and ensures that children have the financial and emotional support of both parents.

SOURCES OF FINANCING

The federal Office of Child Support Enforcement (OCSE) provides the state with 66% Federal Financial Participation for IV-D child support services. OCSE also provides states with incentive payments based on five child support performance factors. The state and county government also contribute to program funding.

LEGAL BASE

Title IV-D of the federal Social Security Act (42 USC 651-669b) requires that one state agency be designated the Title IV-D agency. As that agency, OCS must ensure compliance with Title IV-D to receive a 66% reimbursement from the federal government. In FY '03 Michigan received \$206,903,382 in IV-D reimbursements and we anticipate an additional \$27,000,000 for FY '03 performance incentives.

PROGRAM EFFECTIVENESS

Michigan State Disbursement Unit (MiSDU) – Federally required, the MiSDU has assumed the county Friend of the Court's responsibility for the receipt and disbursement of support collections. The FOC maintains enforcement responsibility. The MiSDU disburses over 90% of money received within 24 hours of receipt. The rest is held as required by law or for research to identify the proper recipient and/or address.

Michigan Statewide Child Support Enforcement System (MiCSES) – Federally required, MiCSES integrated the individual county systems into one statewide child support system on 10/1/03. The OCS provides the funds to DIT to maintain the system, and DIT contracts for its operation. MiCSES tracks all support case activities, not just IV-D cases. In FY '04 MiCSES distributed over \$1.6 billion in support to families. This is an average of over \$30 million weekly.

Partnership - OCS has initiated a Program Leadership Group (PLG) that allows representatives from all entities operating the child support program, OCS, DIT, SCAO, FOCA, and PAAM, to make decisions regarding the program. The PLG operates in a spirit of trust and consensus. This philosophy of teamwork now guides the program and is responsible for its success.

Figures on the attached table show that overall IV-D collections have substantially increased. While overall collections have increased, the portion of collections offsetting Family Independence Program (FIP) expenditures has decreased as the FIP caseload has declined.

OCS FY '03 Statistics Summary:

- At the end of FY 2003 there were 758,992 OCS cases open with orders established.
- The total number of children associated with those cases totaled almost 1,024,000.
- The OCS Paternity Establishment Rate for FY '03 (based on calendar year 2002) is 84%.
- Total IV-D collections distributed in FY 2003 was \$1.4 billion.
- Michigan ranked fourth nationally in FY '03 IV-D collections distributed (behind CA, Ohio, Texas).

- Michigan's net child support collections continue to increase. The decrease in collections for FIP related cases is due to the decline in the FIP caseload and to a change in TANF regulations that limits the amount of child support arrearages that can be assigned to the state. Data source: 34a Reports, lines 7aE and 8E.

* Beginning in FY 1999 the method for obtaining the non-FIP collections changed. This federally required change resulted in higher collection figures.

Note: The totals noted above are year-end adjusted amounts.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006
Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Public Assistance	State Emergency Relief Program (SER)	Page 1 of 2

PROGRAM STATEMENT

Program Goal - The goal of the State Emergency Relief Program (SER) is to prevent serious harm to individuals and families by helping them obtain safe, decent and affordable shelter and other essentials when they face an emergency due to factors or conditions beyond their control.

Program Description - The Department's FY 2005 Appropriations Act includes \$41.91 million for this program. All persons (other than illegal aliens) are potentially eligible for State Emergency Relief, with no residency requirements. The State Emergency Relief applicant group must be physically present in Michigan at the time of application.

To be eligible for State Emergency Relief:

- Applicants must have an emergency that threatens their health or safety, and the emergency must be resolvable through issuance of State Emergency Relief.
- Applicants' actions or failure to take actions within their ability must not have caused the emergency. State Emergency Relief is not issued to resolve applicant-created emergencies.

State Emergency Relief is issued for shelter needs only if the shelter is affordable and the emergency is not likely to recur.

COVERED SERVICES – Covered services include:

- Relocation Services: Providing money for rent, security deposits, and moving expenses.
- Home Ownership Services: Pays house payments and/or property taxes (up to a lifetime cap) to prevent loss of a home if no other resources are available and the home will be available to provide safe, affordable shelter in the foreseeable future.
- Home Repairs: Pays for home repairs (up to a lifetime cap of \$1,500 for energy-related repairs and \$1,500 for non-energy-related repairs) to correct unsafe conditions and to restore essential services.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006

- Utility Services: Pays to restore or prevent shut off of water and cooking gas service (up to a fiscal year cap) and utility deposits and reconnection fees when service is necessary to prevent serious harm to State Emergency Relief group members.
- Burial: Payments are authorized for burial or cremation when the deceased person's estate and contributions from friends or relatives are not sufficient to pay for burial or cremation. There is a \$2,600 limit on voluntary contributions from friends or relatives over and above the State Emergency Relief payment.
- Heating Fuel and Electricity: Assistance is provided under the Low-Income Home Energy Assistance Program (LIHEAP).

SOURCES OF FINANCING

- Federal Temporary Assistance for Needy Families (TANF) funding.
- State funding for all families with children not eligible for TANF funding and all other childless couples and single adults.

FAMILY INDEPENDENCE AGENCY	Public Assistance	Low-Income Home Energy Assistance Program	Page 1 of 1

PROGRAM STATEMENT

The Low-Income Home Energy Assistance Program (LIHEAP) provides assistance to disadvantaged households in meeting the costs of home energy. LIHEAP provides three types of energy assistance payments: 1) basic heating assistance, through the Michigan Home Heating Credit (there was no Special Energy Allowance in 2004); 2) SER energy services — crisis assistance for those facing energy or energy-related home repair emergencies; and 3) weatherization services. In FY 2004, 349,059 low-income households received basic heating assistance; 57,501 received crisis energy assistance; 778 households received energy related home repair services; and 3,187 received weatherization services. Some households may have received more than one of the above LIHEAP services. LIHEAP is available to public assistance households as well as the working poor.

SOURCES OF FINANCING

Federal Low-Income Home Energy Assistance Program block grant funds.

LEGAL BASE

Low-Income Home Energy Assistance Act of 1981 (Title XXVI of Public Law 97-35), as amended, and Public Act 169 of 2001. Public Act 344 of 2004 (FY 2005 FIA Appropriations Act).

PROGRAM EFFECTIVENESS

FY 2004 Preliminary LIHEAP Activity:

	<u>Number of Households</u>	<u>Average Payment</u>
Basic Heating Assistance		
• Home Heating Credit.....	349,059.....	\$175
• Special Energy Allowance.....	N/A.....	\$0
SER Energy Services		
• Heating and Electric	57,501	\$389
• Energy-Related Home Repairs.....	778.....	\$1,142
Weatherization.....	3,187.....	\$2,672

While energy prices are expected to increase, federal funding for FY 2005 is expected to remain at FY 2004 levels. The number of households assisted and benefit amounts will be comparable to FY 2004 levels.

PROGRAM DESCRIPTION

Child Development and Care services are provided to qualified families when the parent(s) or substitute parent(s) is unavailable to provide care because of high school completion, employment, participation in an approved treatment program for a physical, mental or emotional condition (family preservation), or approved employment related activities. Families must submit an application and required verification and use an eligible child care provider.

The goal of the Child Development and Care program is to help preserve the family unit and to promote the family's economic independence and self-sufficiency by promoting safe, affordable, accessible, and quality child care for qualified Michigan residents.

Payment

Payment is based on an hourly rate and varies according to the child's age, the county where care is provided and the child care setting, *i.e.*, day care center, family, group or relative day care home or care in the child's home. Payment is made biweekly based on the provider's telephone or Internet billing and the authorized level.

Day care centers, and group and family day care homes must be licensed/registered by the Office of Children and Adult Licensing (OCAL) to receive payment. Day care aides and relative care providers must meet enrollment requirements, including Central Registry and criminal background checks, and be enrolled by the Department to receive payment.

FAMILY INDEPENDENCE AGENCY	Public Assistance	Supplemental Security Income	Page 1 of 2

PROGRAM STATEMENT

Supplemental Security Income (SSI) is a federally administered income maintenance program for the aged, blind and disabled. Six categories of living arrangements are recognized: Independent Living, Household of Another, Domiciliary Care (Supervisory), Personal Care, Home for the Aged and Medicaid Facility (*i.e.*, nursing home). Payment amounts vary by living arrangements. Federal payments are supplemented with state funds. The majority of these state funds are paid to persons in independent living arrangements. Additionally, Medicaid payments for personal care services are provided for persons who need these services in adult foster care categories.

The Social Security Administration (SSA) charges the state a fee, per transaction, for administering state funds. To minimize these fees the state administers the state funds paid to those persons in independent living and household of another living arrangements with the state SSI Payment program. This group constitutes approximately 92% of the total number of SSI recipients receiving state funds. The SSA administers state funds to mandatory SSI individuals in all living arrangements and those in Domiciliary (Supervisory) Care, Personal Care, Home for the Aged and Medicaid Facility living arrangements.

SOURCES OF FINANCING

Supplemental Security Income benefits are 100% federally funded and are not appropriated in the FIA budget. State supplementation of the federal SSI benefit is 100% state funded and is appropriated in the FIA budget.

PROGRAM CHANGES

The passage and enactment of federal welfare reform legislation in 1996 changed SSI eligibility for children and legal immigrants.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006

SSI for Legal Aliens. Future legal aliens are barred from receiving SSI unless they were residing in the United States on August 22, 1996 with exceptions for:

- A legal alien receiving benefits on August 22, 1996 may continue to receive benefits.
- A legal alien residing in the U.S. on August 22, 1996 who becomes disabled may qualify for SSI.
- Refugees, asylees, those granted withholding of deportation, Cuban/Haitian entrants or Amerasian immigrants are eligible for the first seven years in the United States.
- Lawful permanent residents with 40 qualifying work quarters.
- Veterans, active duty military, spouses and dependents.

SSI for Children. With the passage of welfare reform legislation, a revised disability standard for new and pending applications was established. This standard eliminated the comparable severity standard, the individual functional assessment, and references to maladaptive behavior. The Social Security Administration (SSA) conducted redeterminations of eligibility for current beneficiaries based on the new definition.

Disability for Drug Abuse or Alcoholism. Those individuals receiving SSI with drug abuse or alcoholism as the primary cause were no longer eligible effective January 1, 1997.

PROGRAM EFFECTIVENESS

To enhance the financial stability of families, Michigan will continue to pursue benefits for disabled and financially needy adults and children through SSI. Families with children who are potentially eligible for SSI benefits are assisted with the application process.

A February 1990 U.S. Supreme Court decision (*Zebley vs. Sullivan*) invalidated SSI child disability regulations and ordered that they be replaced with new regulations. Welfare reform contains provisions that dramatically altered the SSI program as it operated after the *Zebley* decision. The legislation tightens the restrictions on children's eligibility for disability payments. Under old law, low-income children could qualify for SSI disability benefits in one of two ways: They have a medical impairment found on the list of acceptable impairments or they are evaluated under the individual functional assessment (IFA). The new law eliminates IFA as a basis for determining eligibility. As of September 2004, 49,565 children were receiving SSI in Michigan. FIP and food assistance benefits to a family will increase if a child's SSI benefits are terminated.

See attached chart showing the SSI caseload increases that have occurred from FY 1996 through FY 2006 (projected).

PROGRAM STATEMENT

The Michigan Disability Determination Service (DDS) determines initial and continuing eligibility for disability benefits under the Social Security Disability Insurance program (SSDI) and the Supplemental Security Income program (SSI). These two programs have the same medical/vocational eligibility criteria.

Social Security Disability Insurance (SSDI) benefits are paid to eligible individuals who cannot work for at least a year because of a serious physical or mental disability. To qualify, an applicant must have worked in a job where both he and the employer paid Social Security taxes before the onset of the disability. Disability benefits are paid to insured individuals who become unable to work because of illness or injury that is expected to last at least 12 continuous months or is expected to result in death. The definition of disability is one that only the severely disabled can meet. There are no income or asset requirements for SSDI.

Supplemental Security Income (SSI) is a needs-based program that provides coverage for people whose income and assets are below a certain level. There is no requirement for prior employment. SSI disability criteria are the same as the SSDI criteria described above. SSI recipients receive Medicaid.

Eligibility Factors:

- Medical Criteria - The Social Security law contains a Listing of Impairments and a description of the evidence needed to evaluate the disability. Benefits are allowed when the applicant's impairments meet or equal the listed criteria.
- Vocational Criteria - The Social Security law also contains vocational criteria which is considered in cases where the impairment fails to meet or equal the medical criteria, but the physical or mental capacity to perform basic work-related activities is limited. The remaining or equal capacity to perform work is assessed along with age, education and past work experiences to determine eligibility for disability benefits.

SOURCES OF FINANCING

Administrative costs for the Disability Determination Service are funded with a combination of State Funds, Federal Funds, and Inter-Departmental Grant (IDG) funding from the DMB office of Retirement Services.

- Social Security Disability Insurance (SSDI) benefits are 100% federally funded; SSDI benefits are not reflected in the FIA budget.
- Supplemental Security Income (SSI) benefits have a federal component and a state supplement (both vary by living arrangement). The federal payment is 100% federal funds. The state supplement is 100% state funded. Only the SSI state supplementation payments are reflected in the FIA budget.

PROGRAM EFFECTIVENESS

See attached information that addresses workload and program effectiveness. Michigan is one of ten DDSs involved nationally in a different initial process for determining disability claims. Based on findings from this new process, the Social Security Administration has decided to modify the process. The claimant conference, which offered the claimant the opportunity to speak with the decision-maker on his/her claim before an unfavorable determination was made, has been eliminated. Other aspects of this process, such as the single decision-maker role and elimination of the reconsideration appeal step, are being retained.

PROGRAM STATEMENT

The Refugee Assistance Program (RAP) is a federal program, which helps **refugees** become self-sufficient after their arrival in the United States. RAP provides assistance to individuals and families who have left their country of origin because of political, religious or ethnic persecution. Services provided include: Refugee Cash Assistance, Refugee Medical Assistance, Health Screening, Employment Support Services and if qualified, Unaccompanied Minors Foster Care. Refugees may also be eligible for Temporary Assistance for Needy Families (TANF) funded cash assistance and services.

Services are delivered by private providers under contract with the Refugee Assistance Program. FIA is the designated agency responsible for the delivery of services to refugees. FIA staff determine eligibility and make necessary referrals, monitor contractor compliance and develop grant proposals for this public-private partnership program.

Primary resettlement is accomplished through local affiliates of national voluntary agencies. Eight local affiliates of national agencies have resettled refugees in over 60 Michigan counties.

PROGRAM EFFECTIVENESS

- Placed 1,015 individuals in employment in FY 2003.
 - Average wages (FY 2003): \$7.91 per hour.
 - Over 80% of placements provided health benefits
- Almost 550 health screenings were completed in FY 2003.
- FIA administered special grants and projects to increase family self-sufficiency (which enabled older refugees to adapt), and also provided employment opportunities for youth.
- In FY 2003, RAP provided services to almost 260 youth per month (in the Unaccompanied Refugee Minors Foster Care Program).
- In each of the last ten years, Michigan settled over 2,700 refugees. Michigan received over 55,000 refugees since 1975. Since the terrorist attacks of 2001 arrivals of new refugees declined (nationally). New arrivals in Michigan declined to 600 in FY 2002, and then increased to over 1,040 in FY 2004. Michigan ranks 10th among all states in the number of refugees that have been resettled.

PROGRAM STATEMENT

Medicaid provides medical assistance to individuals and families who meet the financial and non-financial eligibility factors. The goal of the Medicaid program is to ensure that essential health care services are made available to those who otherwise could not afford them.

The Department of Community Health administers Medicaid and the Adult Medical Program. The Family Independence Agency implements the program through central office policy analysts and local office specialists. Medicaid is now the single largest health insurance program in the United States (recently bypassing Medicare).

Attached is an overview of the Medicaid program that describes the various eligibility categories.

Current Recipient Demographics

- 1,221,950 Medicaid recipients
- 87,847 Adult Medicaid Program recipients (5/31/04)
- During fiscal year 2002: 44,356 applications were filed for Medicaid benefits. These recipients are active in 28 medicaid categories.
- Eligibility Determination – After the application is completed the Family Independence Specialist or Eligibility Specialist assess individual applicant situations. Assessment includes a review of income, assets, group composition, disability status, age, and living arrangements to determine which category of Medicaid is most beneficial to the applicant and to complete the eligibility determination and computer data entry.
- Access to Benefits
 - mihealth card – Each Medicaid recipient receives his/her own card to access benefits. Adult Medical Authorization - provided to recipient at his/her request at the time of the need for services.
 - mihealth card/managed care system – Recipients and providers must learn and understand how the system operates and how best to navigate it. The card is only effective if eligibility is entered by FIA staff on FIA systems and transferred to all DCH systems.

PROGRAM STATEMENT

Children's Protective Services (CPS) investigates allegations that a child under the age of 18 is being abused or neglected by a caretaker (*i.e.*, a person defined in the law as ***responsible for the child's health or welfare***). CPS also assesses the safety of all children in the household and initiates actions needed to protect them. If there is a preponderance of evidence that abuse or neglect occurred, CPS assists the family in resolving issues that place the children at risk. If a child is unsafe or has been severely abused or neglected, CPS must file a petition for court jurisdiction over the victim and family with the Family Court.

Since July 1, 1999, CPS has assigned a disposition category to each completed investigation. There are five categories determined by a combination of evidence, risk level and/or safety assessment. For categories II through IV, the result of the safety assessment is either safe or safe with services; if the result of the assessment is unsafe, CPS must file a court petition to remove the victim or perpetrator.

Category I: A court petition is required because a child is unsafe or a petition is mandated in the law for another reason. The perpetrator is listed on Central Registry.

Category II: There is a preponderance of evidence that abuse or neglect occurred and the initial risk level is high or intensive. CPS must open a services case and the perpetrator is listed on Central Registry.

Category III: There is a preponderance of evidence that abuse or neglect occurred and the initial risk level is low or moderate. CPS must assist the family in voluntarily participating in community-based services. The perpetrator is not listed on Central Registry.

Category IV: There is *not* a preponderance of evidence that abuse or neglect occurred. CPS is to assist the family in accessing community-based services.

Category V: There is no evidence that abuse or neglect occurred (*e.g.*, a false complaint; no basis in fact). No action beyond the investigation is required by CPS.

Abuse is defined as: Harm or threatened harm to a child's health or welfare by a parent, legal guardian, or any other person responsible for the child's health or welfare, or a member of the clergy, that occurs through non-accidental physical or mental injury, sexual abuse, sexual exploitation or maltreatment.

Neglect means harm or threatened harm to a child's health or welfare by a parent, legal guardian, or any other person responsible for the child's health or welfare that occurs through one of the following:

- (i) Negligent treatment including the failure to provide adequate food, clothing, shelter or medical care.
- (ii) Placing a child at an unreasonable risk to the child's health or welfare by failure of the parent, legal guardian or any other person responsible for the child's health or welfare to intervene to eliminate that risk when that person is able to do so and has, or should have, knowledge of the risk.

Legal Issues:

1. The Agency has investigatory authority only. Enforcement authority is with the police and the Family Court. All FIA intervention and services are voluntary unless done with police or court authority.
2. There must be court action within 24 hours any time a child is taken out of the home.
3. The police have responsibility for investigating allegations if anyone other than an adult responsible for the child's care as defined in the law is suspected of abuse or neglect (such as non-custodial relatives). FIA may be involved in these investigations only to determine if a caretaker is failing to protect the child from the alleged perpetrator.
4. CPS determines through investigation whether a preponderance of evidence exists that a child was abused or neglected.
5. CPS begins assessing child safety at the time the complaint is received. This assessment is continuous to assure the child's safety. If the child is unsafe, CPS must file a petition (Category I).
6. If a preponderance of evidence is found and the risk level is high or intensive, the perpetrator is notified in writing that his name is placed on Central Registry and informed of the due process for requesting amendment or expunction. CPS must open a services case (Category II).
7. An open CPS services case means there is a plan to reduce the risk of future harm by addressing the family's services needs. This may involve referral to other agencies or programs including CPS purchase of specific services as well as direct services by a CPS worker.

Department of Management and Budget		PROGRAM DESCRIPTION	Fiscal Year 2006
Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Child and Family Services	Children's Protective Services (CPS)	Page 3 of 3

8. If there is a preponderance of evidence but the risk level is low or moderate, CPS must assist the family in participating in community-based services. The perpetrator's name is not entered on Central Registry (Category III). If the family does *not* participate in services, CPS *may* elevate the case to Category II.

PROGRAM STATEMENT

Families First is a service designed to keep troubled families together safely. It is an intensive short-term crisis service available in all 83 counties that targets "at risk" families--those on the verge of having a child removed from the home due to abuse, neglect or delinquency or as a result of domestic violence. The program provides intensive, short-term services which combine both clinical services and services such as transportation, housing and access to other family necessities that are provided in the home. Caseworkers counsel only two families at a time, allowing them to be available to help a family 24 hours a day, 7 days a week for up to six weeks. The performance goal is that at least 75% of the families served will be safely intact one year after service completion.

Families First takes referrals in all counties from children's protective services, delinquency and foster care. It also can cover court referrals at the counties' option. In some counties, referrals can be taken from tribal social services. Nine sites are participating in a demonstration project for collaboration between domestic violence shelters and Families First.

- Public Act 344 of 2004 (FY 2005 FIA Appropriations Act)

PROGRAM EFFECTIVENESS

The program has exceeded its objective since 1992. Data for FY 2002 show that 82% of families served were intact one year after service. A 1992 longitudinal study of a representative sample of 225 families showed 69% are intact at 30 months. Over 50,500 families have received services since 1988.

PROGRAM STATEMENT

Strong Families/Safe Children (SF/SC) is a community-based initiative in response to federal funding for new and enhanced family preservation and support services. SF/SC funds provide preventive services (family support services), services to families at risk or in crisis (enhanced family preservation placement prevention and reunification services), and adoption promotion and support services. Specific services are based on an assessment of local needs by Community Collaborative groups. The local Collaborative groups include the directors of the local human services agencies, the prosecutor, the probate judge, the school superintendent, advocacy organizations, other child welfare stakeholders and consumers. The program included 28 counties in an initial phase during FY 1995. Sixteen additional counties were added in FY 1996. The remaining 39 counties were phased in during FY 1997. All 83 Michigan counties are currently implementing local service plans. Local plans must be approved by FIA's Strong Family/Safe Children program office prior to each fiscal year. A broad-based state advisory group, including 46 community members as well as all human services directors, guided the initial state program plan. The Family Independence Agency is the designated fiscal agent for these funds and provides program support and oversight.

SOURCES OF FINANCING

Legislation passed as part of OBRA 1993 originally authorized funds for the Family Preservation and Support Services Act. Federal reauthorization for these funds was passed under ***The Adoption and Safe Families Act of 1997*** for FYs 1997 – 2001. The program was retitled Promoting Safe and Stable Families. Federal funds for FY 2002 through FY 2006 are reauthorized under the Promoting Safe and Stable Families Amendment of 2001. State allotments are based on the state's percent of the nation's children receiving benefits under the federal Food Stamp Program. SF/SC is 100% Federal funds, Title IV-B, Sub Part 2. The State commits some funds to augment the federal allocation.

Michigan's allotments are:

PROGRAM EFFECTIVENESS

1. The State Program Evaluation focuses on the local outcome measures for specific services in the local plans. Progress is reported to the Agency in annual reports. The annual reports from counties also indicate actual expenditures and numbers served. The annual *Local Service Outcomes Evaluation Report* outlines the success of the multiple and varied SF/SC services at meeting the locally determined, specific outcomes.
2. *The FY 2002 Program Evaluation and Local Service Outcome Report*, completed May 25, 2004 found that local services are remaining successful at meeting locally determined outcomes.
3. 627 Services were delivered with 729 reported local service outcomes.
4. SF/SC served 140,904 customers in FY 2002.
5. 79.1% of reported met the intended goal of the service.
6. For these successful outcomes, 73% had a success rate of 90% or higher, 40% of successful outcomes had a success rate of 100%.

Department of Management and Budget	PROGRAM DESCRIPTION		Fiscal Year 2006
Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Child and Family Services	Children's Foster Care	Page 1 of 2

PROGRAM STATEMENT

The Children's Foster Care Program provides placement and supervision of children who are temporary or permanent court or state wards. This includes children who cannot remain at home because their families are unable to provide minimal care and supervision. State wards are youth whose parents' parental rights have been terminated and who are legally free for adoption.

The foster care program is based on the following principles:

1. Whenever possible, the Agency should preserve the child's family. A child should be separated from his family only when the family is absent or is unwilling or unable, even with assistance, to provide a minimally acceptable family life.
2. If the child cannot be protected from abuse or neglect in his home, and removal is necessary, the primary focus of services is directed toward problem resolution so the child may be returned home.
3. The purpose of foster care is to provide continuity, consistency and permanence in a family setting for the growing child. If return home is not possible, alternative permanent plans must be pursued. Current foster care policy directs the case worker to appropriate service delivery and timely permanent planning decisions.

The provision of foster care services is a joint undertaking between the public and private sector. Currently, approximately 60% of foster care services are purchased.

The foster care caseload has been relatively stable for the last five years after steady increases from 1997 to 1999.

The Children's Foster Care Program is closely tied to the Children's Protective Services Program, Family Preservation Initiatives and the Adoption Program. The Children's Protective Services Program identifies those children who cannot be protected from abuse or neglect in their homes. Thus, this program and the family courts, who must authorize the removal of the child from his home, function as the entry point for the Foster Care Program. The goal of Foster Care Programs are to ensure the safety, permanence and well being of children through reunification with the birth family, permanent placement with a suitable relative or a permanent adoptive home.

-PROGRAM STATEMENT

The Adoption Services Program provides adoption services to children whose parental rights have been terminated due to child abuse or neglect, and to families who want to adopt. Services are provided either directly by local FIA office adoption staff or through adoption purchase of service contracts with approximately 50 private Michigan child placing agencies. Children receiving adoption services are in foster care and may have special needs (*i.e.*, they may be older; members of a sibling group, or may be physically, mentally or emotionally challenged).

Adoption services include assessing the placement needs of the child; determining eligibility to adoption subsidy, recruitment, orientation and training of potential adoptive families; completion of an adoptive family assessment (home study), adoptive placement and supervision; and post adoption support services.

PROGRAM EFFECTIVENESS

The Adoption Services Program goal is to place children in adoption as quickly as possible following termination of parental rights. Permanency planning decisions about children will be child focused and will carefully consider the unique needs and circumstances of each child. Whenever possible, these placements are with families who already have an existing relationship or attachment to the child (*i.e.*, they are relatives or foster parents, or they are providing an adoptive home where siblings may stay together). In FY 2004, 39% of the adoptions were by relatives, 54% by foster parents and 7% by recruited families. Of the children who entered foster care as part of a sibling group, 80% were adopted with some or all of their siblings.

PROGRAM STATEMENT

The Adoption Subsidy program provides support and/or medical subsidy to adoptive families to encourage the placement of special needs children (*e.g.*, handicapped children, large sibling groups, minority children, *etc.*) who have been in Michigan's foster care program. Adoption Support Subsidy assists adoptive families with the costs of basic support and care for the adopted children. Medical subsidy assists adoptive parents covering the costs of necessary treatment for a physical, mental or emotional condition which existed (or the cause of which existed) prior to the adoption. Support subsidy rates are linked by law to the foster care payment rates. Adoption subsidy is a necessary tool to assist special needs children in achieving a permanent home instead of remaining in foster care.

Adoption Subsidy has two components: Title IVE and State Support Subsidy. Program benefits are the same for both components. Title IVE Support Subsidy covers the cost of the support subsidy for children who meet Title IVE Foster Care eligibility requirements and have a special need. For children who do not meet the Title IVE requirements, the State Support Subsidy is funded by TANF or by state funds depending on the income of the adoptive family. Beginning in FY 2000, the funding source is determined annually for children.

PROGRAM STATEMENT

Juvenile justice services are provided to delinquent state wards referred to the FIA by the family courts throughout the state. FIA also serves court wards that have been referred to the state for supervision. Based on an assessment of each individual youth, the youth's need for security and the direction of the court, youth are assigned to one of the following living arrangements:

- * 1. Community-based placement (in the home of parent or guardian, foster home, or supervised independent living)
- 2. Private residential facility
- 3. FIA-operated residential facility

The Department's functions related to juvenile justice include:

- 1. Developing policy and procedures for all delinquency operations in Michigan [Bureau of Juvenile Justice (BJJ) facilities, private agencies under contract, and county-based juvenile justice specialists].
- 2. Administering state and federal grants, which support BJJ educational programs.
- 3. Administering federal grant monies from the Office of Juvenile Delinquency Prevention and the Juvenile Accountability Incentive Block Grant.
- * 4. Administering the state's Child Care Fund, a cost-sharing program that reimburses local counties for eligible delinquency services.
- 5. Coordinating statewide juvenile justice initiatives for balanced and restorative justice, female juvenile offenders and reintegration programs.

* **Community-Based Services** – The following services are provided to facilitate youth remaining at home or returning to live in the community:

- 1. Intensive family services
- 2. Mentor and/or tracking contracts
- 3. Restitution and/or community service
- 4. Electronic monitoring
- 5. Random drug screening
- 6. Day treatment
- 7. Foster care

* *These are services provided through FIA to Juvenile Justice children, but not by the Bureau of Juvenile Justice.*

8. Supervised independent living
9. Crisis intervention
10. Specific financial assistance
11. Regional Detention Support Services (RDSS) in coordination with local courts to provide statewide nonsecure holdover sites, home detention, and transportation

Residential Facility Placement – When a youth requires a residential placement the Juvenile Justice Assignment Unit (JJAU) reviews his needs and risk assessment and works to place that youth in a facility that will best meet his individual needs. JJAU is required by law to use private agencies first when placing youth unless a specific request by the judge has been made.

FIA Operated Residential Facilities – The Bureau of Juvenile Justice (BJJ) oversees all FIA-operated residential facilities. All residential treatment programs are comprehensive, individualized and provide educational services, cognitive restructuring, family assistance, crisis intervention and recreation. Many of the youth BJJ serves have been initially denied by a private agency or have failed and been sent back to the assignment unit from private placements that did not work out.

The following are FIA operated facilities:

1. Adrian Training School, Adrian
 - Closed medium secure treatment facility
 - Capacity: 60 youth (female population)
Female - Special Needs and Emotional Disturbance Treatment
2. Bay Pines Center, Escanaba
 - Open and closed medium secure treatment and high secure detention facility
 - Capacity: 40 youth (male and female population)
3. Nokomis Challenge Program, Prudenville
 - Open and closed medium secure residential facility

FAMILY INDEPENDENCE AGENCY	Child and Family Services	Children's Trust Fund	Page 1 of 2

PROGRAM STATEMENT

The Michigan Children's Trust Fund (also known as the State Child Abuse and Neglect Prevention Board) is an independent, nonprofit organization dedicated to the prevention of child abuse and neglect. It is a source of support for public awareness, outreach and local community-based programs designed to prevent child abuse and neglect.

The vast majority of CTF expenditures are for direct service prevention programs that address children and families before any involvement with the Family Independence Agency's Children's Protective Services. The primary purpose of these prevention programs is to keep kids safe and avoid a breakdown in parent-child relationships.

CTF is administered by a 15 member State Child Abuse and Neglect Prevention Board. Ten of these board members are citizens appointed by the Governor with the advice and consent of the Senate. The remaining five members are representatives appointed by the directors of the following departments: Family Independence Agency, Department of Community Health, Department of Education, and State Police. The CTF Board employs an executive director, grant monitors and secretarial support.

SOURCES OF FINANCING

CTF's primary source of funding is the yearly interest from its \$22 million trust fund. Other sources of CTF funding include a children's license plate, direct donations, fundraising activities, and public and private grants.

PROGRAM EFFECTIVENESS

One of the most important goals of the CTF is to support as many quality community-based, direct prevention service programs as possible. CTF grant monies are non-permanent and typically serve as initial start-up funding with future monies coming from a variety of sources. It is the CTF's position that all programs become self-sufficient with local communities gradually assuming the cost of supporting the programs. To this end, all programs are required to obtain local cash and in-kind matching funds for each year of the CTF grant. The current service grants are funded for 3 years on a declining funding basis.

In FY 2005, \$2,214,752 in CTF grants will support a total of 33 prevention programs and 71 local CA/N prevention councils throughout Michigan. Eighty-one of Michigan's 83 counties were served by local child abuse and neglect prevention councils.

PROGRAM STATEMENT

Runaway services are a crisis-based service available to youth between the ages of 10-17, their siblings and families. Services provided include crisis intervention, community education, prevention, case management, counseling, and placement. Every county in the state is covered by a runaway provider. There are 27 contracts through 26 providers around the state. There is also a statewide 1-800 number available for youth and families in crisis that is funded through this program that will connect them with the local provider.

Homeless Youth Services are longer-term services provided to youth between the ages of 16-21. Services provided include crisis management, community education, counseling, placement, closed case services, and youth groups (to provide input on services). There are 12 contracts through 12 providers in the state (there is also one program in the upper peninsula that is funded through a HUD grant). Providers accept youth into the program regardless of where they lived previously.

FAMILY INDEPENDENCE AGENCY	Child & Family Services	Family Resource Center	Page 1 of 1

PROGRAM STATEMENT

The goal of Family Resource Centers is to reduce barriers to students' academic success by reducing non-school-related barriers to teaching and learning in the classroom. Family Resource Centers are designed to improve academic achievement in schools by creating easier access to human services and resources for needy families. Family Resource Centers are special service units that have been established in "priority" elementary and middle schools throughout the state. The Family Independence Agency has relocated existing Family Independence Specialists school sites to assist "at-risk" families in obtaining FIA services such as cash assistance (FIP), food-stamps, WIC benefits, Medicaid, subsidized day care, etc. Some counties have also relocated Child Service to selected sites. Four expected outcomes of the program include improved academic performance, increased parental involvement, decreased absenteeism, and decreased behavior problems.

The Family Resource Centers are open year-round during school hours of operation. All families with students attending school are eligible to access the Family Resource Centers. Teachers, administrators and staff can make referrals for assistance and services for students and families at the Center. Selection criteria for the sites include AYP status, high free and reduced lunch counts and community support.

PROGRAM EFFECTIVENESS

In September 2003, this program began with 19 sites that were situated in "priority" schools around the state. Initial qualitative evidence has demonstrated success toward achievement of established goals. As of December 2004, there are 39 Family Resource Centers in the state.

FAMILY INDEPENDENCE AGENCY	Office of Children and Adult Licensing	Licensing	Page 1 of 4

PROGRAM DESCRIPTION AND OVERVIEW

The Office of Children and Adult Licensing (OCAL) was transferred to the Michigan Family Independence Agency by Executive Order 2003-18 (effective December 7, 2003). It was previously named the Bureau of Family Services within what was then named "The Department of Consumer and Industry Services."

The Office of Children and Adult Licensing is composed of three major Divisions. Their common mission is to provide protection for vulnerable adults and children receiving services from licensed agencies. As of September 2004, OCAL regulated over 31,600 facilities with a cumulative licensed capacity for just under 492,300 individuals. In FY 2004, over 6,000 complaints were made, resulting in over 260 disciplinary actions. **Note:** See Licensing Activity Summary Table, page 76, and the Adult and Child Care Facilities Complaints and Disciplinary Actions graph, page 77.

PROGRAM GOALS

1) Protect the health, safety, and development of children in childcare and out-of-home care. 2) On behalf of Michigan's vulnerable adults who are aged, developmentally disabled, mentally ill, and/ or physically disabled, provide technical assistance and consultation regarding their health, safety, and welfare. 3) License and regulate all child day care homes and centers, adult foster care homes, homes for the aged, child caring institutions, child placing agencies, camps, foster family and foster family group homes that meet licensing requirements. 4) Provide care to children or vulnerable adults and appropriately respond when licensing standards are not met. 5) Timely, competently, and fairly meet all licensing responsibilities. 6) Maintain the OCAL data system in a manner that accurately reflects the license status of the Bureau's license applicants, registrants, and licensees.

MAJOR GOALS OF EACH OCAL DIVISION

1) Provide pre-application assistance. 2) Receive and process applications for licenses. 3) Conduct protective services and criminal history background checks. 4) Conduct pre-licensing investigations. 5) Conduct other investigations as required by statute. 6) Conduct complaint investigations. 7) Conduct abuse and neglect investigations in child day care facilities and child caring institutions. 8) Conduct registrant orientation sessions for family day care homes. 9) Prepare documents for administrative hearings and court actions. 10) Conduct hearings and/or assist the Attorney General's Office in preparing for administrative hearings. 11) Provide public education and training.

ADULT FOSTER CARE (AFC) LICENSING DIVISION

The AFC Licensing Division is responsible for the prevention of harm and the protection of dependent adults who are developmentally disabled, mentally ill, physically handicapped, or aged. It licenses and regulates the following:

- Family Home (1-6 adults)
- Small Group Home (1-6 adults)
- Medium Group Home (7-12 adults)
- Large Group Home (13-20 adults)
- Congregate Homes (>20 adults)
- County Infirmaries
- Homes for the Aged (20 or more Aged adults)

PROGRAM EFFECTIVENESS (ADULT FOSTER CARE LICENSING DIVISION)

The AFC Division regulates just under 4,460 facilities, with a combined capacity for just under 47,300 individuals. In FY 2004 just under 1,530 complaints were received, 32 disciplinary actions were taken, and two summary suspensions were served. **Note:** See summary graph, page 78.

CHILD DAY CARE LICENSING DIVISION

This Division is responsible for the protection of vulnerable children (less than one year-of-age, through age 17). Children are in out-of-home childcare facilities for periods less than 24 hours. The division licenses and regulates:

- Child care centers (capacity based on square footage)
- Family day care homes (1-6 children)
- Group day care homes (7-12 children)

PROGRAM EFFECTIVENESS (CHILD DAY CARE LICENSING DIVISION)

The division regulates just over 18,440 facilities with a capacity for just under 350,800 children. In FY 2004, about 1,570 complaints were received, 82 disciplinary actions were taken, and 12 summary suspensions were served. **Note:** See summary graph, page 79.

CHILD WELFARE LICENSING DIVISION

The division ensures children, adults and families are receiving required services when children receive 24-hour out-of-home care. The Child Welfare Licensing Division regulates and licenses the following:

- Child Caring Residential Institutions: Provide maintenance and supervision.
- Child Placing Agencies. Government and nonprofit organizations that receive children for placement in private family homes for eventual placement in foster care and/or for adoption.
- Children's Foster Homes: Private family or group homes in which minors, not related to an adult member of the household, receive care.
- Adult and Children's Camps: Residential, day, troop or travel camps conducted in a natural environment for more than 4 school age minors.
- Court Operated Facilities: Open or secure residential care facilities for children and youth. Facilities are operated by juvenile courts.

PROGRAM EFFECTIVENESS (CHILD WELFARE LICENSING DIVISION)

The Child Welfare Licensing Division regulates 8,705 facilities. The total residential capacity is just over 94,300 children. In FY 2004, 2,488 complaints were received, 148 of which resulted in disciplinary action. Note: See summary graph on page 80.

Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Family Services	Employment and Training Programs Overview	Page 1 of 3

PROGRAM STATEMENT

Family Independence Program recipients, unless temporarily deferred, are required to participate in Michigan Works! Agency (MWA) employment and training programs to increase their employability and find employment. Deferred FIP recipients and non-cash recipients of Child Development and Care, Medicaid or Food Assistance may volunteer. The employment program components are:

- Work First
- Employment and Training Program for Food Assistance Recipients
- Direct Support Services (Including Employment Support Services and Family Support Services)
- Family Support Services
- Non-Cash Recipient Employment and Training Program

WORK FIRST is the employment program for Family Independence Program applicants and recipients administered by the Department of Career Development (DCD) through local Michigan Works! Agencies (MWAs). FIP recipients are required to participate with the Work First program unless they are exempt by law. The goal of all Work First participation is FIP case closure due to self-sufficiency. MWAs will continue to serve **all** Work First participants until their FIP case is closed by FIA, or until they are referred back to FIA due to failure to participate or becoming deferred. The Family Independence Agency will refer to Work First every non-deferred mandatory participant except teen/minor parents attending GED or high school completion programs; those participating in a transitional housing program, Tribal Contractor or Refugee Contractor program, or Michigan Rehabilitation Services; and VISTA, Job Corps and AmeriCorps participants.

EMPLOYMENT AND TRAINING PROGRAM FOR FOOD ASSISTANCE RECIPIENTS: The Employment and Training Program for Food Assistance recipients serves Time-Limited Food Assistance-only recipients (TLFA) who are required to work or meet other requirements. The program is provided through the local Michigan Works! Agencies.

EMPLOYMENT SUPPORT SERVICES (ESS) are available from FIA and the MWA to support a FIP recipient's participation in employment and training activities. ESS are available from FIA or MWA for parents or caretaker relatives working at least 20 hours per week in families receiving Child Development and Care, Food Assistance or Medicaid, to obtain, maintain or enhance employment, thereby eliminating the need to apply for FIP.

FAMILY INDEPENDENCE AGENCY	Family Services	Employment and Training Programs Overview	Page 2 of 3

FAMILY SUPPORT SERVICES are available through FIA for FIP recipients who are participating in Work First or recipients who are deferred to prepare them for when their deferral ends. Family Support Services are also available to families receiving Child Development and Care, Food Assistance or Medicaid, and the services are needed to maintain or enhance employment. These are services not available through the Work First program, such as counseling and classes in life skills which address family issues, that will help families to self-sufficiency.

NON-CASH RECIPIENT EMPLOYMENT AND TRAINING PROGRAM: Adults or caretaker relatives in families receiving Child Development and Care, Food Assistance or Medicaid are eligible for employment and training activities from the MWA.

FEDERAL PROGRAM REQUIREMENTS

Participation Rates: Federal law requires that states receiving funding under the Temporary Assistance for Needy Families block grant (TANF) must meet work participation rates for the cash assistance caseload. States must achieve the following minimum work participation rates (as a percentage of the total cash assistance caseload):

WORK PARTICIPATION RATES - UNADJUSTED			
All Families		Two-Parent Families	
FY 1997	25%	FY 1997	75%
FY 1998	30%	FY 1998	75%
FY 1999	35%	FY 1999 +	90%

Adjusted Participation Rates: States are allowed to adjust work participation rates to take into account cash assistance caseload reductions that have occurred since 1995. Michigan's adjusted participation rate targets and achieved participation rates are shown below.

PARTICIPATION RATE TARGETS ADJUSTED FOR CASELOAD REDUCTIONS

FISCAL YEAR	ADJUSTED PARTICIPATION RATE TARGETS		ACHIEVED PARTICIPATION RATES	
	All Families	Two-Parent Families	All Families	Two-Parent Families
1997	13.3%	60.3%	41.1%	47.4%
1998	5.2%	38.4%	49.2%	63.9%
1999	0.0%	15.2%	43.8%	69.1%
2000	0.0%	4.0%	36.4%	61.7%
2001	0.0%	5.0%	33.8%	53.4%

PROGRAM STATEMENT

Program Goals - Work First emphasizes employment. The goal is to test the labor market through placement in a job-seeking activity prior to any participation in employment and training programs.

Program Description - Adult Family Independence Program (FIP) recipients must participate in Work First unless they are specifically exempt by state law. (Those expected to work are required to participate up to 40 hours per week in employment and/or employment-related activities.) Work First focuses on employment. As part of this focus, Work First provides the following services:

- Overview of the basic skills and workplace competencies valued by employers
- Pre-employment and work maturity skills
- Resume writing
- Self marketing and learning how to target employment opportunities
- Effective October 1, 1999, Work First participants may combine work and school or participate in vocational education full time (up to 12 months) if the plan is approved by the Michigan Works! Agency, to satisfy the federal work requirement.

These services are provided by 25 Michigan Works! Agencies (MWAs). The MWAs are responsible for providing Work First services to every county in the State and will work with local Family Independence Agency offices in designing local service delivery strategies.

All FIP recipients who are working or expected to work are referred to Work First. This includes those who are meeting participation requirements by working up to 40 hours per week and those who are not. Through Work First, the following participants are referred to Michigan Works! Agencies:

- FIP applicants and recipients who are required to work and those meeting work requirements.
- Teen parents under 20 who have completed high school or its equivalent.
- Dependent children age 16 or over, not in school, and either not permitted to return or with no expectation of graduating before age 20.

FAMILY INDEPENDENCE AGENCY	Family Services	Employment and Training Programs Work First	Page 2 of 2

Orientation: All FIP applicants are required, as a condition of eligibility, to attend a joint orientation. Effective 10/1/98 joint orientation is composed of two steps: general orientation followed by individual orientation.

General orientation is conducted by the Family Independence Agency and the Michigan Works! Agency. The purpose of the general orientation is to explain employment and training requirements, supportive services, and child support requirements with the expectation that applicants and recipients will become self-supporting.

Following the general orientation is the second orientation step, an **individual orientation** conducted by the MWA. In this step, mandatory Work First participants and persons meeting the federal work participation requirement engage in employment-related activities. The individual orientation step reinforces the message and information conveyed in the general orientation.

Program Administration - Work First is a collaborative effort between the Department of Career Development and the Michigan Family Independence Agency, and is funded in the Department of Career Development budget.

PROGRAM STATEMENT

Program Goals - The Employment and Training Program for Food Assistance applicants and recipients provides services to assist Food Assistance applicants and recipients in obtaining and maintaining employment.

Program Description – Michigan is currently under a waiver that exempts childless adults from the three-month time limit for food assistance. Therefore, all Food Assistance applicants and recipients are subject to the same employment and training requirements as other FAP recipients.

Food Assistance Applicants & Recipients — Food Assistance applicants and recipients are required to work or engage in employment related activities as assigned. They may also volunteer for an employment and training program component.

Orientation: Food Assistance recipients are not required to attend the FIA-MWA joint orientation.

*Note: Persons employed or self-employed an average of 30 hours or more per week over the benefit period **or** earning on average the federal minimum wage times 30 hours per week are not required to participate in any further employment-related activities. This includes migrant or seasonal farmworkers with an employer or crew chief contract/agreement to begin work within 30 days.*

FSS may also be provided to families receiving child care, food assistance or Medicaid if the parent or caretaker and the service is needed to maintain or enhance employment.

FSS may include but are not limited to:

- Classes, seminars and counseling
 - Parenting, motivation, self-esteem, personal growth
 - Nutrition, hygiene
 - Time management, life management
 - Conflict resolution
 - Money management, consumer services, home budgeting
- Other direct support services
 - Haircuts, grooming services
 - Tutoring, family mentoring (other than employment-related)
 - Household articles (*e.g.*, calendars, alarm clocks, booklets and other articles which support a family's goals) which may be given to recipients during home calls
- Counseling Services
 - Short-term crisis intervention counseling (domestic violence, divorce, stress reduction)
 - Debt and credit counseling

Indirect FSS, which cannot be attributed to specific household members, may also be purchased. Some examples are:

- Household items to be loaned (*e.g.*, tools, carpet cleaners)
- Motivational items to be loaned (books, videos, cassettes)

PROGRAM STATEMENT

The Personal Responsibility Plan and Family Contract (PRPFC) is a two-part case-management tool completed by the FIP recipient and the Family Independence Specialist to mutually arrive at a plan which helps the family reach their goals for self-sufficiency. The plan outlines the family's goals, strengths, needs, options, and steps to reach their goals. It also highlights agency actions to support the family's goals, such as contacting other agencies, making referrals, and advocating for the family.

The following required activities are examples of ways FIP recipients may fulfill their PRPFC:

- Obtaining and retaining employment
- Active participation in approved work activities, usually through the Work First Program

Other activities may be necessary to aid the family's progress towards self-sufficiency. Examples include:

- Enrolling in school or training classes to improve employment skills
- Parenting classes
- Community service
- School-related activities, such as Head Start participation, parent volunteer activities, parent-teacher conferences, *etc.*
- Children's health-related activities, such as prenatal care, infant's medical care, children's immunizations, *etc.*
- Other activities which meet the goals of the PRPFC

FAMILY INDEPENDENCE AGENCY	Children's Services	Migrant Affairs	Page 1 of 2

PROGRAM STATEMENT

The Family Independence Agency is the lead designated state agency responsible for the assessment, development and coordination of services for Michigan's 50,000 migrant agricultural farmworkers and their families. Responsibilities are met through the Migrant Affairs program.

The Migrant Affairs program is responsible for:

1. Analyzing, recommending and advocating improvements in the Agency's program policies and procedures.
2. Coordinating allocation, recruitment, testing, hiring and training of FIA bilingual (English/Spanish) Migrant Program seasonal and year-round staff
3. Migrant Advocacy

The Migrant Affairs program facilitates statewide coordination of migrant services through the:

- **Michigan Interagency Migrant Services Committee.** This committee is composed of representatives from major state and federal departments and private agencies providing services to migrants and seasonal farmworkers. The committee meets monthly to coordinate services, analyze data, identify and take appropriate action on unmet needs, and to formulate recommendations regarding migrant and seasonal farmworkers issues.
- **Regional Migrant Resource Councils.** The Migrant Affairs program established a network of eleven councils composed of local representatives from public and private migrant service agencies, growers, farmworkers, church groups and concerned citizens. Councils routinely meet to exchange program information, coordinate services and identify unmet needs.

CLIENT CHARACTERISTICS

- **Population (estimate):** The total migrant population is estimated to be 50,000 farm workers and family members (including extended families). Michigan has the sixth largest migrant worker population in the nation (behind California, Texas, Florida, Washington and North Carolina). The top five migrant population States in the U.S. are eligible to receive larger federal monetary designations for migrant programs, and are subsequently subject to increased federal migrant program monitoring. Michigan previously ranked among the top 5 states.

- Estimates are that 70% of the migrant population is from Texas, 25% from Florida, and 5% from other states.
- The average length of stay in Michigan is six to eight months.
- Approximately 80% of Michigan's migrant population are of Mexican descent.
- The average family size is 3.5 persons.
- The average annual income for a family of four: \$7,500.
- The average adult education is completion of the 6th grade.
- The average child education is completion of the 9th grade.

PROGRAM STATEMENT

Native American Affairs is designed to encourage support, protect and strengthen North American Indian children and families in their journey to independence through the provision of services that respect heritage, honor tradition, and encourage community. Program goals are accomplished through direct service delivery by, and the partnership efforts of, the Indian Outreach Workers in twelve counties, the Office of Urban Indian Affairs, and the Office of Native American Affairs. Collaborative relationships have been created with the twelve federally recognized Tribes of Michigan, the state historic Tribes, Indian organizations, the Federal Government, and other community and state organizations. In addition to collaborative efforts, the program is responsible for, but not limited to: policy and program development; resource coordination; advocacy; training and technical assistance; and coordination of efforts to ensure implementation of applicable state and federal laws pertaining to Native Americans.

FAMILY INDEPENDENCE AGENCY	Adult & Family Services	Michigan Domestic Violence Prevention and Treatment Board	Page 1 of 5

PROGRAM STATEMENT

The Mission statement of the Michigan Domestic Violence Treatment and Prevention Board is:

To lead statewide efforts to eliminate domestic and sexual violence in Michigan

The goals of the Domestic Violence Prevention and Treatment Board are to:

- Contract for the provision of emergency shelter and related services (counseling, information and referral, and advocacy) to victims of domestic violence and their children.
- Contract for the provision of Rape Prevention and Services (counseling, advocacy, public awareness, emergency intervention services) to victims of sexual assault, their family members and/or their significant others.
- Contract for the provision of Transitional Supportive Housing and supportive services (transitional housing, counseling, transportation, financial/specific assistance, employment services, health care, and client development seminars).
- Educate service providers and other professionals on the prevention and treatment of domestic and sexual violence.
- Improve the response of the criminal justice, legal, medical, mental health and social welfare systems to the crimes of domestic and sexual violence.
- Ensure that safety, confidentiality and justice are provided to victims of domestic and sexual violence.

PROGRAM DESCRIPTION

To achieve these goals the enabling legislation mandates the Domestic Violence Prevention and Treatment Board to:

- Provide funding to community-based agencies for domestic violence prevention and treatment.
- Develop standards for operation of victim service programs.
- Provide technical assistance to service providers.
- Conduct research to identify means of domestic violence prevention and treatment.
- Assist the state police in setting up a reporting system for law enforcement agencies.
- Carry out educational efforts targeted to both the public and relevant professionals.
- Advocate for policies and procedures that will improve the treatment of domestic violence victims.
- Advise the legislature and governor.

SERVICES PROVIDED

Comprehensive Domestic Violence Services

The following services are provided under contracts with 45 nonprofit domestic violence programs: emergency shelter; emergency intervention (24-hour crisis lines and emergency response services); supportive counseling (individual and group); community education and prevention services; personal and support advocacy with health care, criminal justice systems, housing location, financial assistance, transportation and child care; and children's services.

STOP Violence Against Women Grant

The Federal STOP Violence Against Women Grant for FY 2005 will provide \$3.4 million to local collaborative projects to improve victim services and the criminal justice response to violent crimes against women. Local projects address domestic violence, sexual assault and stalking throughout the state including specialized Sexual Assault Nurse Examiner programs.

These funds also support the development of statewide policies, protocols, and training in collaboration with state agencies and statewide organizations.

Rape Prevention and Services Program

The Rape Prevention and Services programs across Michigan provide comprehensive services to sexual assault survivors.

Transitional Supportive Housing Projects

The Transitional Supportive Housing projects across the state provide for safe transitional supportive housing for up to 24 months.

Grants to Encourage Arrest Policies

The Board was awarded a federal grant to provide training on Michigan law to implement the Full Faith & Credit provisions of the federal Violence Against Women Act. The training for law enforcement officers, prosecutors, court personnel, and domestic violence service providers covers a broad range of laws and procedures for handling issues of personal protection

orders that cross boundaries of states, federal and tribal jurisdictions or pose other unique problems. A second component of this grant is to increase victim safety and batterer accountability by providing Attorney General assistance to local prosecutors to prosecute domestic violence cases.

Safe Havens: Supervised Visitation and Safe Exchange Grant Program

The Board was awarded a \$1.7 million federal grant as 1 of 4 demonstration projects in the country to provide training for the collaborative partners of supervised visitation centers; facilitate training sessions on safety audits and domestic violence; provide technical assistance and support services to the collaborative partners; establish a resource center specifically for supervised visitation and exchange information; and develop and maintain a supervised visitation Web site. A second component of this grant is to develop model protocols and policies and put them into practice at 4 supervised visitation centers that service 6 counties (Jackson, Muskegon, Oakland, Grand Traverse, Antrim and Leelanau).

POPULATION DESCRIPTION

Michigan State Police indicates that 49,402 domestic violence victims and 4,272 rape victims were reported to the Michigan Uniform Crime Report Program in 2003. Data on this group includes:

PROGRAM STATEMENT

Adult Protective Services (APS) provides protection to vulnerable adults (18 years or older) who are at risk of harm due to the presence or threat of abuse, neglect or exploitation. Referrals to APS can be made by anyone. The identity of the reporting person is kept confidential. The following individuals are required to report suspected abuse, neglect, or exploitation of adults:

1. Those employed, licensed, registered or certified to provide the following services (including agency employees who provide these services):
 - Health care
 - Education services
 - Social welfare services
 - Mental health services
 - Other human services (Includes: homes for the aged, and adult foster care homes)
2. Law enforcement officers.
3. Employees of the county medical examiner.

(Note: Nursing home employees, administrators, nursing directors, physicians or other Department of Community Health (DCH) licensed health personnel report abuse or harm to DCH.)

Based on definitions in law, referrals are screened to determine if there is sufficient justification to warrant assignment for investigation. Justification exists if:

The alleged victim is an adult at risk of harm from abuse, neglect, or exploitation, and there is reasonable belief that the alleged victim is vulnerable and in need of protective services. Vulnerability is defined as a condition in which an adult is unable to protect himself or herself from abuse, neglect, or exploitation because of a mental or physical impairment or because of advanced age.

PROGRAM AND CLIENT CHARACTERISTICS (FY 2004)

- 69% of adult mistreatment victims are over the age of 60.
- 60% of victims of adult mistreatment are females. Neglect is more frequent among female victims while self-neglect is more frequent among male victims.
- When the perpetrator is a spouse, abuse is the most frequently occurring form of mistreatment. When the perpetrator is an adult child, neglect is the most likely form of mistreatment.
- Health care providers, social welfare workers and concerned citizens account for 44% of referrals. Physicians and educators account for fewer than two percent of referrals. 25% of referrals are anonymous.

PROGRAM EFFECTIVENESS

The Adult Protective Services Program provided services to a growing number of cases. Over 10,600 APS investigations were completed in Calendar Year 2003. As reflected in the attachment on the following page, the APS average monthly caseload increased 60% (1,370 cases) between FY 1995 and FY 2002, before declining to the FY 2004 average of 2,760.

		Page 1 of 2

PROGRAM STATEMENT

The goal of the Home Help Services program is to prevent and reduce inappropriate institutional care by maintaining or restoring independent living for aged, blind, and disabled individuals that have functional limitations. The program provides services to all eligible individuals in a manner that promotes independent functioning while accommodating the client's changing needs, capabilities and choice. The Home Help Services program is part of Michigan's overall strategy to increase community-based alternatives. Home Help program services reduce dependence on institutional care settings such as Adult Foster Care and nursing homes.

Home Help services enable functionally limited individuals to live independently and receive care in the least restrictive setting. A physician must certify the need for these activities/services. Services are non-specialized personal care activities provided to Supplemental Security Income/Medicaid recipients who meet Home Help program eligibility requirements.

Executive Order 97-5, signed on March 21, 1997, transferred the policy and financial management functions related to Home Help Services and Physical Disability Services to the Department of Community Health. The transfer was part of the overall Medicaid restructuring initiative and the movement to managed care. The executive order was effective on May 19, 1997 and, since FY 1998, this program has been funded in the Department of Community Health (DCH) budget.

The Family Independence Agency remains responsible for the delivery of in-home personal care services through a network of local Office of Adult Services staff. FIA continues to determine eligibility, assess the need for personal care, and process payments to providers. The Home Help Services program is administered through a partnership between DCH and FIA.

The Home Help Services Program, as shown by recent caseload increases, serves a rapidly increasing number of elderly and disabled adults in the least restrictive care setting. The attached chart summarizes recent Home Help Services caseload activity. A customer satisfaction survey conducted by FIA in FY 2000 determined that 97.9% of customers were either "very" or "somewhat" satisfied with the services they received.

Department	Appropriation Unit	Program	
FAMILY INDEPENDENCE AGENCY	Local Office Staff and Operations	Adult Community Placement	Page 1 of 2

PROGRAM STATEMENT

Program Goal

The goal of the Adult Community Placement (ACP) program is to provide services that assist in achieving the least restrictive community based care settings for adults who require care in licensed community placement: Adult Foster Care (AFC facilities), homes for the aged (HA), or nursing care facilities. ACP works to maximize independence and self-determination for program recipients by assisting in maintaining connections with family, other community members and community activities.

Program Description/Eligibility Factors

The ACP Program provides pre-placement services and assistance with placement for adults who need care in licensed community placement settings (adult foster care facilities, homes for the aged, and nursing care facilities). Post-placement/follow-up services are also provided, as are transitional services for individuals relocated when nursing homes close.

FIA Adult Services Workers provide program services to adults 18 or older who are elderly, frail, physically handicapped, emotionally impaired, or mentally ill. Most clients are Medicaid eligible and receive Supplemental Security Income (SSI).

Specific ACP Program services include: case management, counseling, education and training, health related services, information and referral, money management, pre-placement services, post-placement services and protection.

FAMILY INDEPENDENCE AGENCY	Local Office Staff and Operations	Adult Community Placement	Page 2 of 2

PROGRAM EFFECTIVENESS

The monthly average number of ACP adults in FY 2003 was 5,692, up from the FY 2002 total of 5,500 but still down by over 300 cases from the FY 2001 total of 6,000. Note: ACP caseload levels are judged to have decreased (year-over-year) due to a payment disparity between the combined SSI and Medicaid Supplemental rates (\$866.88 per month), and relatively higher private care rates that typically start at \$1,000 a month. The payment disparity therefore provides a provider incentive to offer placements to private pay families/individuals.

FIA compiled survey data for FY 2000 indicate the following:

- Quality of Care: 96% of AFC residents report being satisfied with their home and the quality of care provided.
- Safety: 97% of AFC residents report feeling safe in their AFC environment.
- Family Contacts: 85% of AFC residents report being routinely visited by family and friends.
- Activities: 88% of AFC residents attend activities outside of their AFC homes.

PROGRAM STATEMENT

The Michigan Family Independence Agency's **HIV/AIDS Support Services Unit** provides information and advocacy for anyone in Michigan infected by HIV. The **Insurance Assistance Program** was created to assist persons who are HIV positive to retain or keep their previous private health insurance benefits. Paying insurance premiums for high cost medical clients results in significant savings in Medicaid and in the **State Drug Assistance Program** (administered by the Michigan Department of Community Health).

HIV/AIDS Services Coordinator provides

- Provides Client Advocacy for over 7,800 individuals
- Provides Workshops and Service Worker Training, including: 1) accessing FIA public assistance benefits; 2) accessing Social Security Administration program benefits, and 3) benefits available through community agencies.
- Provided Resources Include:
 - Annual Benefit Information Summaries for Medicaid and Medicare Clients
 - Client Manuals and Resource Guides

Insurance Assistance Program Coordinator:

- Administers the statewide Insurance Assistance Program, and the Insurance Assistance Program-Plus. Note: Clients must have a private health insurance policy. Policies are generally offered through: 1) Employer COBRA plans; 2) Individual policies, and/or 3) Medicare Supplemental Plans.

PROGRAM STATEMENT

Program Goal – The goals of the Community Services Block Grant (CSBG) program are to assist low-income individuals and families to achieve self-sufficiency and to address the causes of poverty. The target population includes individuals and families with income at or below 125% of the poverty level.

Program Description – Michigan's CSBG allotment is used at the local level in combination with a variety of funding sources to support programs such as USDA commodity food distribution, Head Start, housing, job training, school readiness/pre-school programs and other programs targeted to low-income individuals and families.

CSBG grantees include 30 Community Action Agencies (CAAs) serving all 83 counties.

PROGRAM STATEMENT

Program Goal – The goal of the Weatherization Assistance Program is to assist low-income households with reducing their energy consumption and lowering their energy bills.

Program Description – Michigan’s Weatherization Assistance Program (WAP) is a federally funded, low-income residential energy conservation program. The program provides free home energy conservation services to low-income Michigan homeowners and renters. Community Action Agencies (CAAs) and Limited Purpose Agencies (LPAs) provide weatherization services at the local level throughout the state.

Michigan’s 30 CAAs and 3 LPAs serve all 83 counties. Agencies are listed on the following two pages.
